STATE HIGHWAY COMMISSION

Augusta, Me., September 10, 1918.

G. B. Mayberry, Chr., Selectmen, Casco, Maine.

Dear Sir: We enclose herewith a copy of record of meeting of joint board on September 5, 1918, in regard to Red Bridge in the towns of Casco and Naples.

Yours very truly,

Paul D. Sargent, Chief Engineer.

County Commissioners' Office, Cumberland County Court House, Portland, Maine, Sept. 5, 1918. 2:30 P. M.

Adjourned meeting of joint board for the consideration of petition of municipal officers of Naples for State and County aid in the reconstruction of Red Bridge, so called, over Crooked River in the towns of Naples and Casco.

Appearances

State Highway Commission: P. J. Deering, Chairman; W. M. Ayer, Commissioner; Paul D. Sargent, Chief Engineer; L. L. Jones, Bridge Engineer.

Cumberland County: William F. Pillsbury, Chairman; Charles A. Maxwell, Clarence L. Bucknam, Commissioners.

Town of Naples: G. H. Rounds, Chairman; Llewellyn Batchelder, W. H. Richardson, Selectmen.

Town of Casco: G. B. Mayberry, Chairman.

The Chairman ordered the Secretary to call the roll for appearances, with the above result, there being nine of the fifteen members of the joint board present. The chairman declared that a quorum was present.

The chairman ordered the secretary to read the records of the meeting of May 15, which was done, and there being no errors noted, the chairman directed that the records of that meeting be approved.

Mr. Merrill, an engineer of Portland, was present and explained correspondence which he had had relative to securing a second hand railroad bridge for this place. Mr. Merrill found that this would be inexpedient and impractical on account of the cost of taking down the

old bridge, freighting it and fitting it up and erecting it. Mr. Merrill then made a design which he thought would fit this place and secured a price from Mequire & Jones of Portland, Maine, of \$4,263.00. This design is for a bridge twelve feet in width to be placed upon the old abutments with some strengthening of the abutment on the Caseo end by driving piles and riprapping in front of the present abutment.

Bridge Engineer Jones of the Highway Department explained two designs which he had worked up for this place. The first design is for a steel truss with a concrete floor having a roadway twenty feet wide the truss to be 118 feet long and to be set on new concrete abutments, the total estimate to be \$20,656.00.

Mr. Jones has made a design for two spans of reinforced concrete, fifty-eight feet in length, having a twenty foot roadway, two concrete abutments and one new pier, all to cost \$21,850.00,

At this point a general discussion was held. Colonel Ayer suggested that in his judgment this road is more or less of a byway, that is to say, it is not one of the principal thoroughfares. Mr. Mayberry states that he believes the bridge fourteen feet wide will be advisable and satisfactory for this location.

Mr. Jones estimated that a steel span fourteen feet in width and 118 feet long with new concrete abutments will cost \$16,000.00. Mr. Jones estimates that a concrete bridge fourteen feet wide with concrete piers and abutments will cost \$17,200.00 or \$17,300.00.

Mr. Pillsbury states that he is very much in favor of concrete construction, due to the experience he has had as a county commissioner in the maintenance of steel bridges.

On motion of Mr. Mayberry seconded by Mr. Pillsbury, it was unanimously voted that we proceed to build a concrete bridge.

On motion of Mr. Bucknam, seconded by Mr. Pillsbury, it was unanimously voted to authorize the chairman of this joint board to approve plans as prepared by the Highway Commission.

On motion of Mr. Bucknam seconded by Mr. Ayer, it was unanimously voted to authorize the State Highway Commission to build this bridge by contract or on a cost plus percentage basis without advertising in order to get the work started as early as possible.

The chairman of the joint board brought up the question as to whether or not the two towns were authorized to proceed without further advice from their respective towns. Mr. Rounds stated that the town of Naples had authorized the selectmen to borrow funds for this purpose. Mr. Mayberry stated that the town of Casco had voted a similar authorization to the selectmen of Casco.

On motion of Mr. Bucknam seconded by Mr. Ayer, it was voted to adjourn at 4:20 P. M.

PAUL D. SARGENT Secretary to the Joint Board.

School Report

To the Superintending School Committee and Citizens of Casco:

I herewith submit to you for your consideration my first annual report of your schools.

Teachers:

In general Casco has been very fortunate in its teaching force this year. Five of the schools have had experienced teachers; the remaining schools have had inexperienced teachers who have done very well. We could not have had so good a teaching force except for the fact that some of the teachers live in town or near by.

We are convinced that there is no person—other things being equal—who makes so good a rural teacher as the country-bred girl. Parents ought to prepare their daughters now to train for teaching. They should send them to school with the object in view that when they shall have creditably passed through the grades and high school they shall then engage in the service of teaching. There is no higher service a person can render than that of teaching.

I do not mean to say that the training the high school can now give is sufficient to produce a first class teacher. Casco ought to establish once and for all the policy of training its own teachers in its own high school. This can be done with very little additional expense. All that is needed is to have an excellent teacher of Normal school training and experience to take charge of the teacher-training course. Girls,—and boys, too, if they so desire—of the junior and senior classes in addition to certain prescribed high school studies, would be required to prepare and teach the lessons of a given subject for a given length of time under the expert supervision of the practice teacher in the grades.

Thus you would be fitting your girls to become teachers at the least possible expense to yourselves as parents, and in the end at the smallest expense to the town. An efficient teacher-training course will have a tendency to draw in more tuition pupils.

There is no question but that the town ought to raise \$200.00 to establish this teacher-training course. This means that every property holder in Casco is asked to pay less than \$.75 on every \$1,200.00 worth of property. Citizens of Casco, you can not afford to let this opportunity to further the educational interests of the whole town pass by.

Teachers' salaries:

You will see by the tabular statement that the salaries of teachers have been increased only about 29% over what they were two years ago. I wish the town to raise enough money so that we may pay \$1.00 per week in advance for each school. Surely experience is worth this consideration.

The Webb's Mills Schoolhouse:

This school building is a disgrace to any community. This is a large building and a hard building to heat. The plastering is loose in places and exceedingly dirty and filthy. I would suggest as a means of renovating this room that the walls and ceiling be covered with Beaver board or some similar material. There is also need of more black board space.

Principal Doe's Report:

I wish to call the attention of the citizens of Casco to the report of Mr. Doe, principal of high school. I hereby recommend that the improvement be made in the girls' closet. We can get along very well with the appropriation that was made last year for high school supplies.

Conclusion:

In conclusion I wish to thank the School Committee for the kindly support they have given me; and the attendance officer E. J. Duran for his efficient services; and the teachers who have been generously patient and painstaking during what has been an unusually hard year.

Respectfully submitted,

SUPERINTENDENT

PRINCIPAL OF SCHOOL REPORT

To the Superintendent of Schools and School Committee:

It is my duty and pleasure to submit to you my second annual report of Casco High School. School opened September 16, 1918, but, only two weeks had passed when it was thought best to close to prevent the spread of influenza. This resulted in a vacation of three weeks, school beginning again on October 21. Hardly four weeks of school passed when influenza came a step nearer to us and nearly threatened our complete destruction. When we were able to take up school work again another interval of three weeks had passed, and, when the Fall term closed on December 20, we had eight weeks of school to our credit while we should have had fourteen. However, Casco High is only one of the many schools throughout the state which have lost six weeks of school, and the schools of other states have suffered even worse than those of Maine.

Since Christmas school work has been going smoothly. We are hurrying the students as much as is reasonably safe, but some extra time, undoubtedly, will be necessary in order to complete the year successfully. This year as usual the high school has the two courses: General and College Preparatory. The subjects offered are the same as last year except that Physics is given this year in place of Chemistry with which it alternates, and that French II is given in place of German I, which usually alternates with French I.

Thirty-three students have registered this year, thirty-two of which are in school at the present time. The enrollment by classes is as follows: Freshmen, 10; Sophomores, 8; Juniors, 12; Seniors, 2. Of these 6 are studying Latin; 9, French; 32, English; 25, History; 22, Mathematics; and 30, Science.

Again I wish to call your attention to the very poor condition of our out-buildings. This seems to be the most urgent need of the high school; and it is equally important to the children in the grades. I suggest that no money be raised this year for the Science Department, but instead that a sufficient amount be raised to secure a chemical closet for the girls' half of the out-building. I believe that this would be a big advantage to our school and a step ahead in school efficiency.

I wish to thank the Superintendent for his kind and helpful assistance, the School Committee for their uniform support, and the parents and all others who have helped the high school in any way.

Respectfully submitted,

WILLIAM E. DOE, Principal.

Jan. 1, Alice I. M. Murch, 24 years. Cause of death, broncho pneumonia.

Respectfully submitted,

HARRY E. PERRY, Town Clerk.

By Mrs. R. E. Gay, Ass't. Clerk.

Warrant For Town Meeting

To Lafayette D. Nutting, a Constable of the Town of Casco, in the County of Cumberland and State of Maine, Greeting:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of said town of Casco, qualified as the constitution requires, to meet and assemble at the Town House in said town on Monday, the tenth day of March A. D. 1919 at ten o'clock in the forenoon, then and there to act on the following articles, to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a town clerk for the ensuing year.

Art. 3. To choose a board of selectmen, assessors and overseers of the poor for the ensuing year.

Art. 4. To choose a town treasurer for the ensuing year.

Art. 5. To choose one member of the superintending school committee for a term of three years.

Art. 6. To choose a road commissioner, or commissioners for the ensuing year.

Art. 7. To see what sum of money the town will vote to raise and appropriate for the support of common schools for the ensuing year.

Art. 8. To see if the town will vote to raise \$120.00 as interest on school fund.

Art. 9. To see what sum of money the town will vote to raise and appropriate for common school text books and supplies.

Art. 10. To see what sum of money the town will vote to raise and appropriate for school buildings repairs.

Art. 11. To see what sum of money the town will vote to raise and appropriate for high school instruction.

Art. 12. To see what sum of money the town will vote to raise and appropriate for high school text books.

Art. 13. To see what sum of money the town will vote to raise and appropriate for high school fuel and janitors.

Art 14. To see what sum of money the town will vote to raise and appropriate for high school supplies.

Art. 15. To see what sum of money the town will vote to raise for graduation exercises at the Casco schools.

Art. 16. To see what sum of money the town will vote to raise and appropriate for the relief and support of the poor for the ensuing year.

Art. 17. To see what sum of money the town will vote to raise and appropriate for highways and bridges for the ensuing year.

Art. 18. To see what sum of money the town will vote to raise and appropriate for snow bills.

Art. 19. To see what sum of money the town will vote to raise and appropriate for State aid highway maintenance.

Art. 20. To see what sum of money the town will vote to raise and appropriate to pay town officers for the ensuing year.

Art. 21. To see what sum of money the town will vote and appropriate for miscellaneous expenses for the ensuing year.

Art. 22. To see what sum of money the town will vote to raise and appropriate for abatements and collector's commission.

Art. 23. To see what sum of money the town will vote to raise and appropriate to pay on the town note given to the United States Trust Co. for the Casco and Naples bridge loan.

Art. 24. To see if the town will vote to raise and appropriate \$100 to improve the road along the foot of Pleasant Pond, near Casco village, providing certain citizens in and about that locality contribute \$250.00 or more.

Art. 25. To see if the town will vote to allow a discount on all taxes paid on or before July first 1919 and determine the per cent.

Art. 26. To see if the town will vote to raise and appropriate \$275 to cover discounts on taxes paid on or before July first 1919.

Art. 27. To see if the town will vote to purchase a traction engine for highway repairing and raise money for the same.

Art. 28. To see if the town will vote to improve the road leading from the Cook's Mills road, in the direction of Casco village to the summit of the sand hill, so called, a distance of approximately $\frac{1}{2}$ mile, to a suitable condition to accommodate motor trucking, and raise money for the same.

Art. 29. To see if the town will vote to let the collecting of taxes for the ensuing year to the lowest bidder.

Art. 30. To choose a collector of taxes, constable, truant officer and all other necessary town officers.

Art. 31. To see if the town will vote to authorize the selectmen and treasurer to hire money to pay town orders drawn prior to the commitment of the 1919 tax list.

Art. 32. To see if the town will vote to authorize and instruct its treasurer to make and execute deeds in behalf of the town.

Art. 33. To see if the town will vote to leave to the discretion of the Supt. of schools and the superintending school committee, the matter of re-establishing any school or schools which may have failed to maintain the lawful average during the school year.

Art. 34. To see if the town will vote to discontinue the road known as the Tarklin hill road leading from the road over Leach hill to the residence of John W. Batty.

Art. 35. To see if the town will vote to discontinue the road known as the Underwitted road leading from the road near the Town House and over Quaker Ridge, to its terminal on the Meadow road.

Art. 36. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in Section 20 of Chapter 130 of the Public Laws of 1913.

Art. 37. To see if the town will appropriate and raise the sum of \$533 for the improvement of the section of State aid road as outlined in the report of the state highway commission, in addition to the amounts regularly raised for the care of ways, highways and bridges, the above amount being the maximum which the town is allowed to raise under the provisions of Section 19 of Chapter 130 of the Public Laws of 1913.

Art. 38. To see if the town will vote to raise and appropriate \$200 to establish a teacher's training course in the high school in connection with the grammar school.

Art. 39. To see if the town will vote to raise and appropriate twenty-five per cent. of a joint fund with the State, providing Hiram Ricker and Sons will pay twenty-five per cent. of the amount so raised and appropriated by the town, to improve the road from Webb's Mills to Pike's Corner.

Note—An effort is being made in the legislature to secure a special appropriation of \$5,000 to be expended on the above named thoroughfare.

The selectmen will be in session at the Town House on the morning of the tenth day of March A. D. 1919 at nine o'clock for the purpose of hearing and deciding upon the applications of persons claiming the right to vote in said meeting.

Given under our hands at Casco the 25th day of February A. D. 1919.

G. B. MAYBERRY,
M. S. HANCOCK,
W. M. CHUTE,

Selectmen of Casco.

Advantages== of being a Depositor of the Norway National Bank

The first consideration of a depositor is perfect safety for his funds and that is assured at this Bank by strength of resources and directorate, sound banking policy and conservative practice. There are additional considerations, however, which are very important to the depositor, for example, the quality of the service rendered by the Bank; and this Bank's aim is to render the most efficient service possible to all customers.
